# Frontend Play2Earn.ai UX Design Report

Identification of various view issues on desktop browser

## Referrals page

**Details:** Content becomes uncentered when screen width resolution is within a given range.

**Screenshot 1** (Windowed / Page size at 100%):

## Replication details

- Screen width resolution between 769-1024px

## Wordify game – During play

**Details:** Game screen anchored to bottom of screen.

**Screen shot 1 (Windowed / Page size at 33%):**

### Replication details

- Extend screen resolution vertically (Effect more prominent when page size < 100%)

**Details:** Extremely large user input is prioritised and displaces the generated answers and progression section.

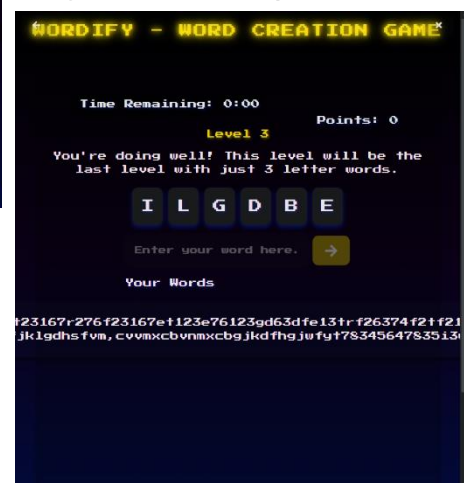

**Screenshot 1 (Full window / Page size at 50%):**

### Replication details:

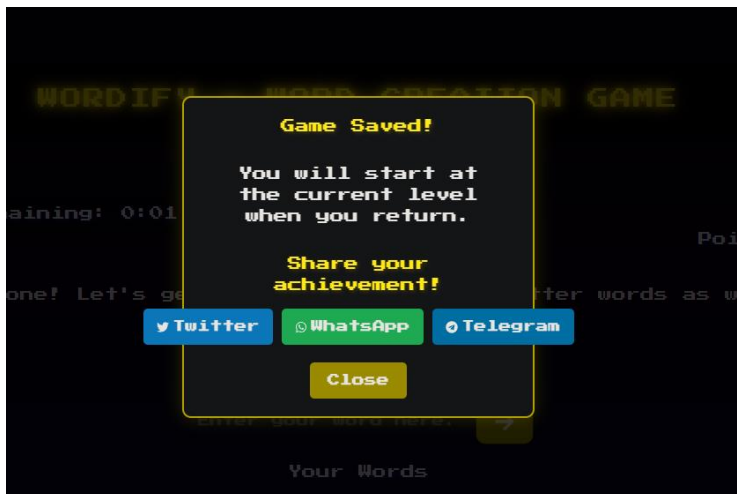

- Enter large input as an answer (amount does not affect the result)

**Screenshot 2 (Windowed / Page size at 100%):**

**Details:** Media share buttons are out of frame.

**Screenshot 1 (Full window / Page size at 100%):**

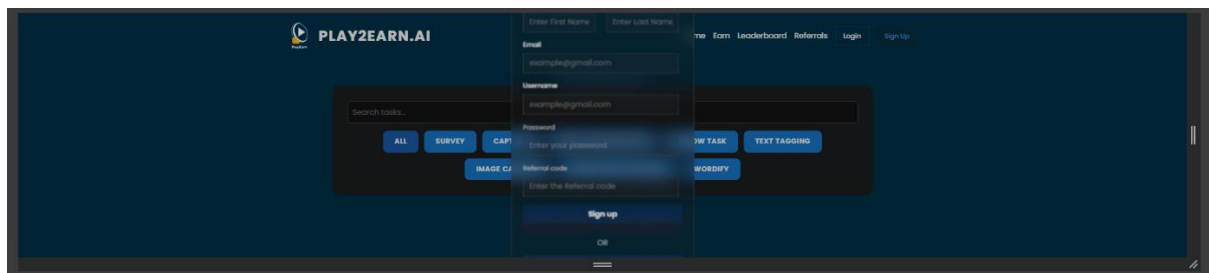

**Replication details:**

- Click back arrow when exiting during play

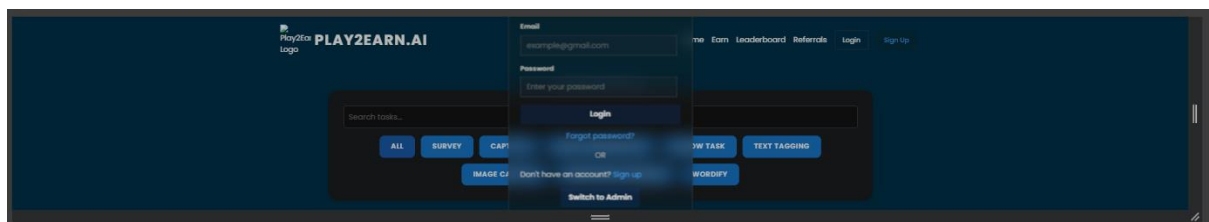

## Login/Sign up section

**Details:** Both sections are static and on a horizontally narrow screen resolution they become unescapable (cannot click the 'X') without refreshing the page or adjusting the resolution.

**Screen shot 1 (Windowed / Page size 100%):**

**Screenshot 2 (Windowed / Page size 100%):**

**Replication details:**

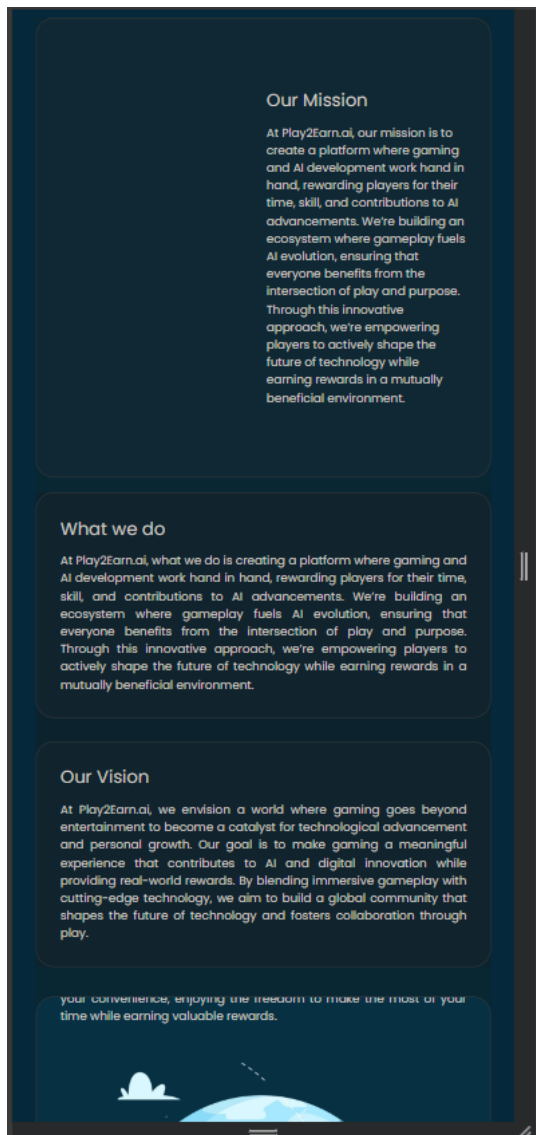

- Click Login or Sign Up on any tab on the navigation bar
- Screen height resolution decreased until sections surpass the viewport

## About Us page

**Details:** Many issues with size formatting and population of content on this page.

- In 'Our mission' the visual backdrop becomes hidden (Screenshot 1), or the text content overflows into the visual backdrop (Screenshot 2).
- In 'Starting from Anywhere' the text header and content overflows out of frame (Screenshot 1), or the visual backdrop cuts out of frame (Screenshot 2).
- The container displaying 'Total Users', 'Completed Tasks' and 'Total Paid Out' also overflows and takes priority (Screenshot 2).

**Screenshot 1 (Windowed / Page size at 100%):**

**Screenshot 2 (Windowed / Page size at 100%):**

**Replication details:**

- Scale screen resolution around to see the different effects.
